Fodeo Frequently Asked Questions**1) What exactly is a Fodeo?**

A Fodeo is a professionally-edited custom video montage of 30 photos shot on this memory card.

2) How many photos will this card hold?

200 photos or more. Most photo files are 2 mb – 2.5 mb, so this 512 mb card will easily hold 200 average-sized photos.

3) Can I use more than 30 photos in my montage?

Yes. The initial product includes the cost of 30 photos. Once we receive your memory card, we will email you a web link to order additional photos for your montage if you'd like.

4) Do I get to keep all of the photos on this memory card?

Yes. We will put all of your photos in a folder on the DVD. Your Fodeo DVD will play the Custom Video Montage in a DVD player or computer DVD drive. All of the photos can be emailed, printed or otherwise shared from your computer DVD drive.

5) Will I receive the memory card back with my DVD?

No. By Fodeo reusing the memory card, we are able to keep the cost down on the Fodeo product.
